### Intake Consultation

An initial meeting held over one or two sessions in which we get to know each other and explore your concerns, background, and goals. This process helps clarify what you need and whether and how treatment can support you.

45 min: €174,83

60 min: €200,99

75 min: €245,04

---

### Treatment Session

During treatment, we work together on your goals.

45 min: €149,82

60 min: €177,89

---

### Diagnostics

After the intake consultation, a short diagnostic process may be indicated. This is a focused process aimed at gaining a deeper understanding of your symptoms and underlying patterns. This may involve targeted questions or tools to help clarify what is going on and guide the most appropriate treatment approach.

45 min: €174,83

60 min: €200,99

---

### Written Information Provided to Third Parties

At the beginning and end of each treatment process, I inform the referring party (with your consent regarding the content) about the start and completion of the treatment. If necessary, during longer treatment processes, I also inform the general practitioner about the progress.

Letter to GP: €114,67
